

THE GATEWAY TO YOUR HOME

OUR STUNNING RANGE OF DOORS
CAN BRING ANY HOUSE TO LIFE

Attention to every detail

Choosing new doors for your home is one of the biggest improvements you can make.

We understand this. It's why we ensure quality is embedded in every stage. From your choice of designs, to the quality of build, to the craftsmanship of the finish. From the ease of ordering, to the expert fitting, to the helpful customer service every step of the way.

From beginning to end, everything we do is designed with one simple end result in mind: your satisfaction. So when making the best decision you can in creating your perfect home, here's everything you need to know about why our doors are perfect for your home.

Composite Doors

Composite Doors

Renowned for their solidity, our composite doors are the only choice when it comes to securing your home and your family.

Styles to compliment any home

With a wide range of classic, contemporary and rural styles, our elegant composite doors enhance any property.

KEY DETAILS

High security locking
High Density Foam Core
Energy Efficient
Environmentally friendly
Secured by Design standard

1

Design options

There is a comprehensive selection of styles across our range of Composite Doors.

2

Fully weatherproof

Thanks to a water proof skin and double-sealed uPVC outer frame, your door will never swell or stick as no moisture is able to get into it.

3

Glazing styles

Each type adds something different to the overall look and there's a design to suit every type of home.

4

Highest security

Keep intruders at bay with a multipoint locking system, designed to withstand all attack methods.

Colour options

Our composite door skins are available in 15 colours and finishes.

Dual colours

Tailor your doors to your own specification by choosing the same exterior and interior colours, or a combination.

*Longer lead times required.

Frame Colour

Available in five colours and finishes.
Choose from dual colour or a white internal frame*

*Black Woodgrain only available with a white internal frame

Slab options

From traditional to contemporary, we've the perfect design for your home – which you can customise with your choice of colour and door furniture.

Whichever composite door you choose, it's guaranteed to bring enduring style to your property.

Stable Doors

Stable Doors

Our Stable Doors are a classic and charming alternative to standard back doors, offering a country-style aesthetic and available in authentic woodgrain finishes.

Multi-functional

Perfect for the homeowner with children or pets. Classic good looks, superb functionality and no compromise to security.

KEY DETAILS

High security locking

Multi-functional

Energy efficient

Environmentally friendly

10 year warranty

1 Low threshold

Suitable for disabled and wheelchair access and is Part M compliant. It is also colour matched to the door frame where possible.

2 Versatile

Sashes disengage to allow the top half of the door to move independently from the bottom.

3 High security

For your peace of mind, high security locking systems are fitted as standard.

4 Double drip bars

Drip bars are fitted to both sashes of all our Stable Doors as standard, to prevent water ingress.

Add a touch of flair

French Doors

French Doors

A stylish alternative to sliding Patio Doors or Bi-folds, our French Doors are great for your home and garden, especially when size is more limiting.

Continental flair

Enjoy your garden throughout the year with a timeless classic that adds character to any home.

With a touch of continental flair, our hand finished French Doors offer fantastic security and unbeatable energy efficiency.

KEY DETAILS

High security locking
Multi-chambered profiles
Energy efficient
Beautiful aesthetics
Superior weatherability

1

Security shootbolts

Multipoint lock with added high security shootbolts supplied as standard.

2

Milled threshold

Exclusive milled frame-to-threshold jointing system eliminates moulded plastic end caps.

3

Co-ordinated hinges

Available in ten colours, our premium range of high-security door hinges offer a slimline design.

4

Door restrictors

Optional fitted restrictors avert damage by preventing opening past a set angle.

Let the light flood in

Patio Doors

Patio Doors

Enhance your home with our revolutionary Patio Doors, offering low profile thresholds to cater for the needs of today's homeowner.

Ultra slim sightlines allow for the maximum amount of light to flood any room.

With a high security locking system, our Patio Doors are far stronger and more secure than any other product on the market.

Security built in

Why compromise your security and peace of mind?

The security of your home is of paramount importance to us, which is why we use the most secure multipoint locking systems to protect the entrance to your home.

Entrance doors

All our uPVC doors come with a high-security multipoint locking mechanism as standard, providing your home with the protection it deserves.

Additional security

TS-007 3-star accredited cylinders are available as an optional extra with all of our door locks, proven to effectively combat against lock snapping and forced entry.

1

Pre-compression rollers

Ensures smooth operation and maximises weather proofing.

2

Anti-lift pins

Slots into the frame to prevent the door from being moved or lifted.

3

Centre latch and hook

A combined central latch and anti-separation hook create a solid and rigid locking point.

4

Claw hooks

Grips the door sash to the frame for extra strength and solidity.

High security

Awarded the Police 'Secured by Design' accreditation, our multipoint locks have been rigorously tested to the very highest security standards.

British built

Production, testing and assembly of all our door locking systems, are carried out in the UK.

Intelligent locking

Intelligent, compact and robust locks, which work perfectly with the design of our windows and doors.

10 year guarantee

The multipoint locking system comes with a 10 year guarantee as standard, providing complete peace of mind.

Insist on quality

When it comes to beauty, security and energy efficiency, doesn't your home deserve the best?

Choose our door systems, and you're making the smartest home improvement decision you could ever make

British engineered to exacting standards, and designed and manufactured in Europe's largest uPVC extrusion plant, our products are rightfully regarded as the UK's most technically advanced door frame system.

With every single element of the Linar range benefiting from high-tech materials, innovative design and market-leading manufacturing quality, choosing our products is an investment in your comfort, your security, and the future energy efficiency of your home, and the savings this brings.

Good for you. Better for our future

With the highest available energy efficiency rating, all of our uPVC doors help to reduce your energy bills.

As well as saving you money, all of our products help reduce your environmental impact by being 100% lead-free and 100% recyclable.

Engineered without need of expensive steel reinforcement, our products are 100% recyclable, making them a truly environmentally-friendly product.

It means you can choose them with a clear conscience, secure in the knowledge that a warmer home for you is also good for the environment.

Why we choose Liniar

Our frames are designed and manufactured using innovative methods and materials, ensuring you're covered against warping, splitting and discolouration for a minimum of 10 years.

10 Year Guarantee

All frames come with a 10 year guarantee from the date of installation.

You can rest assured that our products are built to last.

Thermal Efficiency

Our door systems deliver superior thermal and energy efficiency, achieving a Window Energy Rating of A+14 and a U-value as low as 1.3 W/m²k.

Environmentally Friendly

All our products are guaranteed 100% lead-free. Environmentally friendly in materials and production, choosing Liniar reduces your environmental impact.

Craftsman finished

All our frames are hand-finished by skilled craftsmen. This ensures a blemish-free appearance, and the high quality finish you are looking for.

Corners

All corner contours are checked and refinished by hand, using precision chisels to guarantee a smooth finish.

Edges

Outside edges are levelled at the corners, to maintain the sash's square silhouette once hung into the frame.

Uniform

Each corner groove is checked to ensure that it is an even depth, and is manually deepened if found to be too shallow.

Precision

All apertures are inspected for weld build-up, with any protrusion removed to ensure tight weather seals.

The mark of quality

With TruFrame as our partners, you can have complete confidence in placing your trust with us. We have an excellent local reputation for the quality and value for money we provide to all our customers, old and new.

TruFrame, has unrivalled expertise in manufacturing uPVC windows, doors and conservatories, spanning over 25 years.
